About Me

I am always ready to face difficulties. I am a hard working person.

Education

Nalanda Institute of Technology (NIT)
Bhubaneswar

2019 - Present

B.Tech-Computer Science

Skills

Data Structures

Python

SQL

Django

HTML + HTML5

CSS

Bootstrap

Javascript

Experience

InternBug-Campus Ambassador

2021 - 2021

Here I learned about social media marketing content marketing and how to work in team.

Projects

CRUD application in django

In this we can insert fetch delete and edit the data . Here I used HTML5 Django and Mysql.

Client side validation system

This will validate the user at client side . Here I used HTML5 Bootstrap and Javascript.

Task Management System

Here you can add your task and delete that. Here I used HTML5 Bootstrap Javascript and JSON.

Achievements

I won a city level science fair in class 9. I was 2nd in intermediate college science fair program.

I have 5 stars at Hackerrank python challenge. I got 3rd position in coding competition at my college.
